

STRUCTURAL STEEL MEZZANINES

NOW YOU CAN MAKE THE MOST EFFICIENT USE OF YOUR BUILDING CUBE WITH STOR-DECK MEZZANINES. USE YOUR VERTICAL SPACE TO ADD EXTRA STORAGE OR PRODUCTION AREA.

STOR-DECK® has cost benefits!

- A. Stor-Deck® uses standard components to reduce initial purchase price.
- B. Stor-Deck® Mezzanines are capital expenditures thereby allowing quick depreciation and investment tax credits.
- C. Energy savings are derived by using the existing utilities; heat, air, etc.
- D. Short lead time and fast assembly minimize interference with existing operations.

Our standard finish is a heavy duty powder coat finish in a variety of colors.
Now we are pleased to offer our products with a hot-dipped galvanized finish or in a duplex system which is powder coat over a hot-dipped galvanized undercoat.

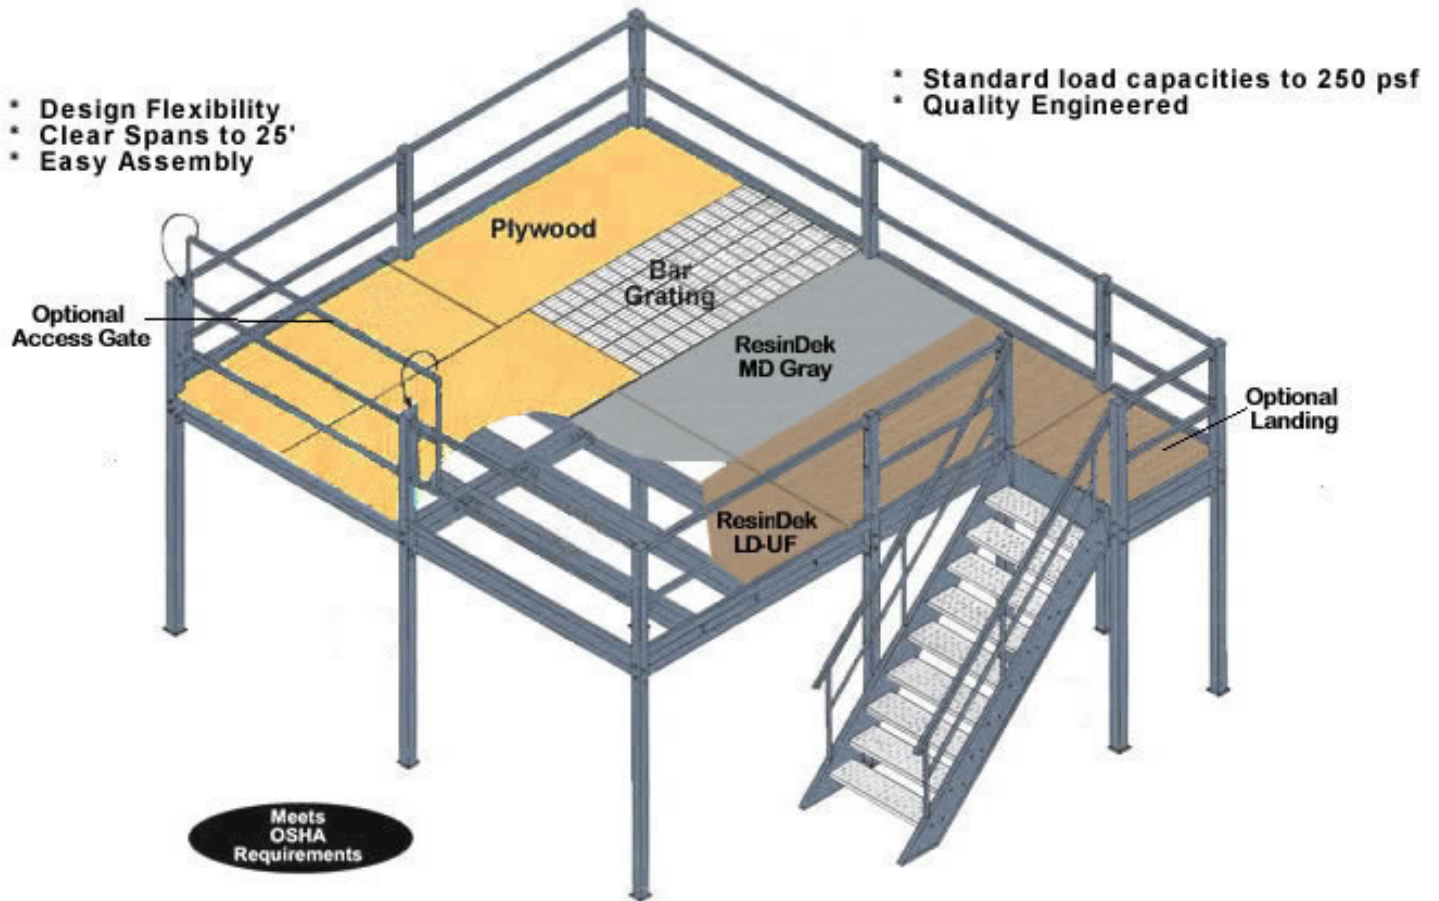

Galvanized finish for outside use shown here.

PREFABRICATED MEZZANINES

INCREASE VALUABLE FLOOR SPACE WITHOUT EXPENSIVE NEW CONSTRUCTION!
